Disconnected from virtuous opinions  
a shift of reality  
transposed and redefined  
remedial decisions become complex.  
Voices come from all angles  
sifting through  
disorder to achieve stability.  
So many ways to choose.  
Vile atrocities fill one corner.

Righteousness and honesty  
cling to a small fragment.  
Greed and power  
jump around at frantic pace.

Admission of inner conflict  
drops one to his knees  
make them stop, make them stop,  
stop whispering to me.

It doesn't want to hurt anymore  
one can't decipher right or wrong  
disablement of neural senses  
relish in the thought  
of self preservation.

Scars inside his head,  
he now only sees in red  
MENTAL HEMORRHAGE  
truth erodes over time,  
expiring what's left of his mind

Rip the flesh - Tear the limb  
blood pours from within  
Rip the flesh - Tear the limb  
blood pours from within

[Solo: Marchais]

Visions of tranquility  
shrouded by violence.  
Peace and serenity clouds over.

Now broken and exposed  
by inept judgement  
the end draws close  
he knows what he must do  
Thoughts within  
guide him down the path  
knows one will  
survive the aftermath.
