Everything you thought or were led to believe was a  
misconception  
This unsafe approach at life has killed all hope within  
Worthless attempts of achieving happiness  
Disgusted, mistrusted, betrayed and persuaded  
Reveling such feelings, mistakes of disgrace  
The shock and disbelief of reality SETS IN  
The weight of the world CRUSHES  
These pains within are intolerable  
Changes are of utmost importance  
Intolerable ways of living brought on by oneself  
Waiting to be let down,  
Depression, remove for all negative surroundings  
False perceptions broken dreams  
Living this unhappy life is not worth living Whose life to  
take?  
Mine or theirs  
Dismiss the anguish brought one self  
Relearn how to live and only trust yourself  
Disgusted, mistrusted, betrayed and persuaded  
Reveling such feelings, mistakes of disgrace  
Obsession, Betrayal, Murder, Suicide  
Negative energy trapped and enraged  
Unable to fix what has/is,  
Essence of death kills all in its path
