Oh my God  
I can't believe it  
What went wrong?  
The human race, in it's place

Superstition  
Man's religion  
And conditioned  
Mysteries incomplete

And the raven  
With it's haven  
Gods in graven  
Girls and boys Illinois

Springfield  
With it's freak and banter  
Strike the cantor  
God is dead, God is dead

Oh my God  
I can't believe it  
What went wrong?  
The human race, in it's place

In religion  
Superstition  
Man's conditioned  
Mysteries incomplete

Take it for a patient  
Man I caught it  
Patient is the kind  
That gets you paid

Even if I had  
Man, I got it  
Seems I never  
Had it anyway

Sometimes it may seem  
Your best intentions

Take off with  
A fever anyway

1 2 3 4 5 6 7  
All computers go to heaven  
If you think you got the vision  
Put it in the conversation

1 2 3 4 5 6 7  
All computers go to heaven  
If you think you got the vision  
Put it in the conversation

I rejoice  
In what I carry in my heart  
It overwhelms  
What a man

Great emancipation plans  
And public transit  
Clap your hands  
Abraham

Oh religion  
Superstition  
Man's conditioned  
Mysteries incomplete

Oh, the raven  
With its haven  
Gods in graven  
All is dead, all is dead
