Demonstrate I was
Raised from the start
By a priest and
The maid on the part
Still I know what
To wear on my back
Michigan!
Ponshewaing!
Cadillac!

If I ever meant to go away
I was raised, I was raised
In the place, in the place
Still I often think of going back
To the farms, to the farms
Golden arms, golden arms
Start to remind me

If the lakes took
The place of the sea
If the cars drove themselves
Way to be!
Opposite to the trains moving in
Rivers run interstate, Michigan!

Still I never meant to go away
I was raised, I was raised
In the place, in the place
Still I often think of going back
To the farms, to the farms
Golden arms, golden arms
Tried to change the
Made in Michigan
I was raised, I was raised
In the place, in the place
Oh to remind me
