I never felt so safe  
A line I once told her  
Warm resting place  
Her arm on my shoulder

You are the rock, you are the rake  
You are the one when I watch myself  
You are the rock, you are the rake  
You are the one when I watch myself

We ran into a cave  
When the wars came closer  
She turned into a cave  
Where it turned colder

You are the rock, you are the rake  
You are the one when I watch myself  
You are the rock, you are the rake  
You are the one when I watch myself

You are the rock, you are the rake  
You are the one when I watch myself  
You are the rock, you are the rake  
You are the one when I watch myself
