Paul Van Dyk Vs JPS Project - For An Angel [Found A
Lover]

Feat. Rachel McFarlane

Amen Vs Rachel McFarlane - Found A Lover Mix

Lover (x10)

I found a lover for the first time in my life,

you took me out of the wilderness,

just like a diamond, you were shining bright, through
the night

and let me stay in your arms to rest

you give me love, give me love

(you give me love, give me love)

sweeeeeet loving

(sweet sweet loving)

you're all that i've been dreaming of

(you're all that i've been dreaming of)

you're all that i need

(you're all that i)

i found a lover to love, and now there's only you

i'll never love another, 'cause no one else will do

i found a lover to love, and now there's only you

i'll never love another, 'cause no one else will do

i never knew love like this before, give me more

everything i wanted, i found in you

you make me feel so high, i wanna touch me sky

take my hands and fly with me

you give me love, give me love

(you give me love, give me love)

sweeeeeet loving

(sweet sweet loving)

you're all that i've been dreaming of

(you're all that i've been dreaming of)

you're all that i need

(you're all that i)

i found a lover to love, and now there's only you

i'll never love another, 'cause no one else will do

i found a lover to love, and now there's only you

i'll never love another, 'cause no one else will do

i found a lover to love, yeah

i'll never love another

i found a lover to love, to love

i'll never love another, cause no one else will do

no no, no one else will do

no one else will do

no one else will do
