by Bob Dylan

You angel you
You got me under your wing.
The way you walk and the way you talk
I feel I could almost sing.

You angel you
You're as fine as anything's fine.
The way you walk and the way you talk
It sure plays on my mind.

You know I can't sleep at night for trying,
Never did feel this way before.
I get up at night and walk the floor.
If this is love then gimme more
And more and more and more and more.

You angel you
You're as fine as can be.
The way you smile like a sweet baby child,
It just falls all over me.

You know I can't sleep at night for trying
Never did feel this way before,
Never did get up and walk the floor.
If this is love then gimme more
And more and more and more.

You angel you
You got me under your wing.
The way you walk and the way you talk It says
everything.
