me, I'm nothing but a goddam liar set me loose on the  
wolves I am hungry =  
hope the sides of the dice add to seven 'cause I won't  
be back clean your =  
plate and masturbate and fill the world with pride and  
joy and look him, =  
he's such a dream, he's mommy's little boy tell me  
friends and tell my =  
girlfriend what I said before I said I'm leaving town, I'm  
outta here, I =  
won't be back no more I just need to believe I have  
gone away to become =  
a big star I just need to believe a limousine, a record  
deal, a video, =

I'll make it far greed, fill your pockets and your  
swimming pools with =  
silver build me a temple 'cause I'm your fucking hero  
I've gone off the end =  
of the world and I won't be back
