we're going out tonight it's time to kiss some ass my
wallets full of =
green and I got my backstage pass I'll smile and
smoke a lot can I buy =
you another drink? let's talk about my band, we're
amazing don't you =
think? I'll kiss your ass to get anything I got to have
me that brass =
ring and when I get it you can bet I'll forget your name
but that's just =
how we play this game why should I bust my ass if you
can help me out? =
I'll just keep sniffing the butts of anyone with clout
pretty soon I'll =

make it big with all the schmoozing that I do and when
you need a hand =
I'll piss all over you
