"Ground on Down"

I believe in a few things :
God, the Devil and Love,
Cause I've looked up from the bottom and I've stared
down from above.
And I have faith in a few things :
Divinity,
Divinity and Grace,
But even when I'm on my knees, I know the devil prays.

And you're working your way,
From the ground on down.

I hate to say I love you,
Because it means that I will be with you forever or will
sadly..., say goodbye.
And I love to say I hate you,
Because it means that I will live my life happily without
you or will sadly..., live a lie.

And you're working your way,
From the ground on down,
On down.
Your way,
From the ground on down.

Life is short and if you're looking for extension,
With your time, you had best do well,
Cause there's good deeds and there is good intention,
They're as far apart as heaven and hell.

And you're steady working your way,
From the ground on down,
On down.
Your way,
From the ground.
