Now I've watched you sitting there
Seen the passers-by all stare
Like you have no place to go
But there's so much they don't know
About the Apple scruffs

And you've stood around for years
Seen my smiles and touched my tears
And it's been a long, long time
And have you been on my mind,
My Apple scruffs

Apple scruffs
Apple scruffs
How I love you
How I love you

In the fog and in the rain
Through the pleasures and the pain
On the steps outside you stand,
With your flowers in your hand
My Apple scruffs

While the years they come and go
My love must surely show for you
And the battles out in space
We're together place to place
My Apple scruffs

Apple scruffs
Apple scruffs
How I love you
How I love you
