"Beware Of Darkness"

Watch out now,
Take care beware of the fall that's swinging
Dropping all around you
The pain that often migles
Anything to misery
Beware of darkness

Watch out now,
Take care beware of the thoughts that linger
Winding up inside your head
The hopelessness that surrounds you
In the dead of night
Beware of sadness
It can hit you
It can hurt you
Make you sore
And what is more
Is that it is not what you are here for

Watch out, now
Take care beware of the soft-shoe shuffling
Dancing down these side walls
As each your constant sufferer
Oh his name is in the dark
Beware of mine

Watch out, now
Take care beware of the real leaders
They take you should not go
While weeping at the cedars
They just want to go
Beware of darkness
