They say I'm not what I used to be
All the same
I'm happier than a willow tree
Shine or rain sitting here by a stream
There's nothing I'd rather feel
In this world
You and your sweet serenity
Rocking me
Melting my heart away

I know something so dear to me
Beyond words
Beautiful feeling in my soul
Sounds I've heard
Like humming birds in a dream
That mystical one I knew
Is returned
Lulling me with those raincloud eyes
Taking me
Melting my heart away

I am yes I am
I know what I feel
You came in my life
Made me more real

I know whatever we may have been in past times
Has sorted the true out from the rest
Win or lose
I always knew you'd be there
You answer my deepest prayer
In a song
Shimmering slowhand flowing clear
Moving me
Melting my heart away

I am yes I am
I know what I feel
You came in my life
Made me more real

That mystical one I knew
Is returned
Lulling me with those raincloud eyes
Taking me
Melting my heart away
