I guess i saw through you
I've seen your colours blue
Tryin' to join me when i'm on top
Observing what i do
But then you weren't around
I was down and in the ground
Do you remember shut your mouth
Don't wanna hear your sound
Don't you try it
I'm not so forgetful
Your colours are rather dull
It's never gonna be
That picture that you want
Of being seen

Blue
Thats all you do
Play with peoples minds
Two faced
I wasn't blind
I was so blue
Blue
You are a fool because you lost me
I thought that you were cool

Blue and that is deep, i can't be asked
Blue and that is is you, and that all too long
Blue, don't you see the colours wrong
You've been there far too long
I see it going on
You've been faking trying to be my friend
When all along you were there trying set a trend
I've, i've only got one word for you
And every word is true
The colour that suits you is blue

You are sleezy and two faced
I can't believe i've missed
What you were all about
tryng to use me but you're game ran out
You can't take advantage of me

My eyes are open now
Trying to use me to get into my crowd
You're all about the hype
When you see me on TV
two weeks later asking my name
You're the one to blame
Then you try and dress like me
Talk to me
Are you crazy
Why are you trying to claim
For you i've got one name

Blue
That's all you do
Play with peoples mind
two faced
I wasn't blind
I was so blue
Blue
You are the fool because you lost me
I thought that you were cool

Blue and that is deep, i can't be asked
Blue and that is is you, and that all too long
Blue, don't you see the colours wrong
You've been there far too long
I see it going on
You've been faking trying to be my friend
When all along you were there trying set a trend
I've, i've only got one word for you
And every word is true
The colour that suits you is blue

You think you're too heavy
Trying to mess don't f*** with me
Can't you see that your games run out
In the beging all you did was doubt
Didn't know that i'd catch your game
Couldn't fit in my crew anyway
Now if you don't know
I'm 'a give you a clue
You're lame
You're broke
Let the fellas take a stroke of the stit that you are
use the fellas for the cars
Use me for my bra
And she thought you would scar
hell no, i'm selling records
Got no time for the haters
Got them shook up with my lyrics
Whe i'm fluffin' with my digits

Wanna hate me
wanna be me
Got me vexed
Got me so angry
'Coz i'm doing my dream
Don't screw so blueBlue and that is deep, i can't be
asked
Blue and that is is you, and that all too long
Blue, don't you see the colours wrong
You've been there far too long
I see it going on
You've been faking trying to be my friend
When all along you were there trying set a trend
I've, i've only got one word for you
And every word is true
The colour that suits you is blue
