oooo ooohoo yer....

Verse 1

I don't know how many times we've walked the streets
talkin' for ages about the people we're gonna be
We've been waiting for a change,
But i don't mind if you don't change baby
tho it might seem crazy
but im happy with you this way

Chorus

and don't you know that you're a part of my heart
and these emotions that i got from the start
are still with me babe
and im trippin above my words to say

no one ever told me love could be this sweet
breathing easy, breathing easy
this time we should be giving in
no one ever told me love could be this sweet (so sweet)
breathing easy, breathing easy

Verse 2

We talk about the places that we intend to be
but if we were there would you be you
and baby would i be me?
i don't want to be somewhere
and realise this feelings gone
im lost in these tenses
confused in my senses
tomorrow is taking too long

Chorus

and don't you know that
you're a part of my heart
and these emotions that i got from the start
are still with me babe
and im trippin above my words to say

no one ever told me love could be this sweet
breathing easy, breathing easy

it's time you should be giving it
no one ever told me love could be this sweet (so sweet)
breathing easy (breathing easy)
breathing easy

Bridge

if i was a little wiser maybe
i would'nt leave this road coz i've been
out of this now too long
ive got to find my way home

Repeat chorus and fading.....
