Honestly, can I say what i mean  
Don't you play with me, cause I'm a lady  
When i look in your eyes  
I can see through your charms  
You're constantly twisted  
I'm angry, alarmed  
You're poison has taken control of my soul  
but I'm on to you boy  
And I won't take no more

[chorus]  
Sometimes I wonder  
Where this feeling begins  
Deep in my heart, right from the start  
Tierd and lonley, i moved on from this pain  
I'm starting again,  
I'm breaking the chain

oh hooo oh hooo

Emotionally it takes all of me  
Apologies, but you  
Don't really have a hold on me  
There's a distance between us  
And you take the blame  
I know that you tried but  
At this stage of the game  
I've started a new life  
There's no turning back  
Will you now  
Dont you know  
Can't you see  
I got over

(yooooou)

Repeat Chorus

Had to take matters into my own hands  
Falling this deep wasn't part of my plan  
if turning things around is what I have to do

To get through to you  
My fire's burned out it's true

Repeat Chorus
