Do da do da do
Do da do da do
Do da do da do
Do da do da do

You're telling me,
That i don't look the same as i used to
Could it be
That times the only blame for our issues

I wanna know
Can't go no longer being neglected
Knowing that your heart has changed

Reminiscing of the times
Looking at the photos
Oh we were so happy then

Taking walks out in the park
Enjoying the sun
And i was your only one
And we were like closest friends

Back when,
We used to talk about anything
Now it seems you're not listening
When the nights are colder than usual
And summertime its just not the same
What happened to the love back when

Do da do da do
Do da do da do
Do da do da do
Do da do da do

You promised me
We'd plant the seeds of love and let it grow
And now it seems that you don't even wanna wait no
more
'cause it seems,
The leaves done hit the ground and faded

Now the tree don't look the same

Reminiscing of the times
Looking at the photos
Oh we were so happy then

Taking walks out in the park
Enjoying the sun
And i was your only one
And we were like closest friends

Back when,
We used to talk about anything
Now it seems you're not listening
When the nights are colder than usual
And summertime its just not the same
What happened to the love back when

We used to talk about anything
Now it seems you're not listening
When the nights are colder than usual
And summertime its just not the same
What happened to the love back when

You told me that you love me
And now it seems to me were two
Strangers that's falling apart
And i know, nothing in life is guaranteed
So if you wanna move alone, then move along

Back when,
We used to talk about anything
Now it seems you're not listening
When the nights are colder than usual
And summertime its just not the same
What happened to the love back when

We used to talk about anything
Now it seems you're not listening
When the nights are colder than usual
And summertime its just not the same
What happened to the love back when
