I've been looking everywhere for you
Wondering when you gonna come my way
I've been searching everywhere for you
Let's make this dance floor our little getaway
What you drinking at the bar, I got it
And if your girls drinking, I got them too
Girl it's nothing, girl it's nothing
Tell me what you wanna do

Bring your love and your body over here, girl
Let me work it, bend it over, touch your toes girl
When you ready? (Say you're ready!)
Girl, I'm ready (If you ready!)
Show me what you really really came here for

Bring your love and your body over here, girl
Let me work it, bend it over, touch your toes girl
When you ready? (Say you're ready!)
Girl, I'm ready (If you ready!)
Show me what you really really came here for

Wild out, wild out
Do your thing, let me see what you about
Just let go, let me know
That you're the girl that I'm looking for

Wild out, wild out
Do your thing, let me see what you about
Just let go, let me know
That you're the girl that I'm looking for

Put it on me (Put it on me, put it on me on me)
Put it on me (Put it on me, put it on me on me)
Just let go, let me know
That you're the girl that I'm looking for

Girl, I know what to do with it
While you're swaying from side to side, left to right
You're the one, you're the one that I'm looking for
tonight
Tell your girls that you're 'bout to leave

Cause you're leaving here with me
Girl it's nothing, girl it's nothing
I found everything I need

Bring your love and your body over here, girl
Let me work it, bend it over, touch your toes girl
When you ready? (Say you're ready!)
Girl, I'm ready (If you ready!)
Show me what you really really came here for

Bring your love and your body over here, girl
Let me work it, bend it over, touch your toes girl
When you ready? (Say you're ready!)
Girl, I'm ready (If you ready!)
Show me what you really really came here for

Wild out, wild out
Do your thing, let me see what you about
Just let go, let me know
That you're the girl that I'm looking for
(That you're the girl that I'm looking for)

Wild out, wild out
Do your thing, let me see what you about
Just let go, let me know
That you're the girl that I'm looking for

If you're a bad girl, put your hands up
If you're the one girl, put your hands up
Lemme see it, lemme see it, lemme see it girl
Lemme see it, lemme see it, lemme see it girl

If you're a bad girl, put your hands up
If you're the one girl, put your hands up
Lemme see it, lemme see it, lemme see it girl
Lemme see it, lemme see it, lemme see it girl

Wild out, wild out
Do your thing, let me see what you about
Just let go, let me know
That you're the girl that I'm looking for

Wild out, wild out
Do your thing, let me see what you about
Just let go, let me know
That you're the girl that I'm looking for

Put it on me (Put it on me, put it on me on me)
Put it on me (Put it on me, put it on me on me)
Just let go, let me know
That you're the girl that I'm looking for

Wild out
