Talking fast later with the mood
And the flavor to keep you by my side
I'm gonna shake you down
I'm gonna spin you around

I got a fever in my brain, in my heart
A burning flame of desire
Gonna make it clear
There's something you should hear

Got love if you want it and the time is right
Got love if you want it, you know I feel all right
I'm gonna love you, yeah, I'm gonna love you tonight

Look at their faces, leave them hope
And despair and set their souls on fire
You show 'em paradise
And make them pay the price

But if I catch them messing
Gonna teach them a lesson
And they better be ready to fight
My two-fisted guns will keep 'em in my sights

Got love if you want it and the time is right
Got love if you want it, you know I feel all right
I'm gonna love you, yeah, I'm gonna love you tonight

I got love if you want it and the time is right
Got love if you want it, you know I feel all right
I'm gonna love you, yeah, I'm gonna love you tonight

Got love if you want it and the time is right
Got love if you want it, you know I feel all right
I'm gonna love you, yeah, I'm gonna love you tonight

Got love if you want it and the time is right
Got love if you want it, you know I feel all right
I'm gonna love you, yeah, I'm gonna love you tonight

Got love if you want it, and the time is right
Got love if you want it, you know I feel all right

I'm gonna love you, yeah, I'm gonna love you tonight
I'm gonna love you, yeah, I'm gonna love you tonight
I'm gonna love you, yeah, I'm gonna love you tonight
