Flash lights and absence are
those prices.

When you thought that you can
handle it the whole nightttt.
Puttin in work, there's no
time so, when you get tired
I'll wake you up in the
night.
Baby can you handle this?
It's my lifestyle, once in a

Baby can you handle this?
It's my lifestyle, once in a
whileeee, I'm really hard to see.
Just think about itt
I'm waiting, you know it.
Think about ittttt.
I'm waiting, I'm waiting
Think about iiiitttttt.
Can you handle this?
