Chorus:

How can I lose my winner, my winnings?
How can I lose my winner?

Go this way! First exit!
Run... cut the traffic out
When the lights turn red don't stop
Look at the camera, middle finger's up
Me losing my lady, it's crazy!
So drive, speed up
Cause if the plane boards I'mma go nuts

Pre-Chorus:

It's over and I started late
It's over! It's over!
And when I see her pictures gets me fucking mad
It's over! It's over!

Chorus:

How can I lose my winner, my winnings?
How can I lose my winner?
She's winning!

I'm like take this right, first left,
I'm thinking honey, I'll be with you in a sec!
I got the beat... crazy in my head
..you are there!
And when you're not is like I'm dreaming
Twist and turning when I'm sleeping
I'm whipping! So don't go, please stay
..I'm on my way
When the light turns red don't stop
Middle finger, smile on my face
Me losing my lady, it's crazy
So drive speed up
Cause if the plane boards I'mma go nuts!

Pre-Chorus:

It's over and I started late
It's over! It's over!
And when I see her pictures gets me fucking mad

It's over! It's over!

Chorus:

Baby, how can I lose my winner, my winnings?

How can I lose my winner?

She's winning!

They say... but them players never will!

But I'm still going in!

I see you on your way out, should have never let you in

It is what it is, oh

Is what it is, all blind to..

I couldn't see the vision, wishing!

People under mistletoe kissing like every day is

Christmas!

Got me time for the beard, no whiskers

Yeah, you can't play me right

On the next level I'mma catch a flight!

You ain't sure, don't leave too fast

With me... first class!

Me plus you, winning!

..call it a killer!

So I don't know how cool I'll be?

She left out when I need TLC!

And when I see her pictures gets me fucking mad

It's over! It's over!

Chorus:

Baby how can I lose my winner, my winnings?

How can I lose my winner?

She's winning!
