That wonderful day
The day that you came
That you came into my heart

You looked in my eyes
And asked me if I
would share a sweet kiss with you

Now since that day
It won't go away
I wake up and think of you
I needed to know
I want you to stay
Stay with me for always

Don't you know that I need you baby please?
Don't you know that I'm beggin for your love?

I just wanna tell you
Tell you that I love you
Oh! I just can't help it
I just wanna feel it
Baby can you hear me?
Hear me when I'm sayin
Baby please!

Oh darlin!
Maybe for a moment
Maybe for forever
I just wanna hold ya
I just wanna know ya
Tell me that you love me baby (baby)

Oh! Baby - tell me that you love me
Baby,yeah.
