You are a like a mystery  
You love me so hard, it's perplexity  
You put it down baby  
You put it down baby  
Is this really what you love is about, can you tell me  
You keep me open just to come in and out  
Well no more, now I'm sure

Got me singing la, la, la, la, la, la de da da ta  
(Repeat)  
I keep singing love melodies, love melodies, la de da  
Can't stop singing love melodies, love melodies, Oh  
Come and take your love from me, come and take your  
love from me  
Bring it back, baby girl just bring it back (repeat)

I never knew I'd be so flexible  
Ballerina feet up, leg position wide as far as they can  
go  
You put it down baby  
You put it down baby  
Do you like me feeling pleasure and pain?  
Can you tell me?  
You think I enjoy it cause they're one and the same  
Well no more, yes I'm sure

Got me singing la, la, la, la, la, la de da da ta (I don't  
want crash and burn, there's no place to run and hide)  
(Repeat)  
I keep singing love melodies, love melodies, la de da  
(Boy, your touch my body yearns. Boy, you feel so  
good inside me)  
Got me singing la, la, la, la, la, la de da da ta  
I keep singing love melodies, love melodies, la de da (la  
de da, la de da de da) (repeat 4 times)  
Can't stop singing love melodies, love melodies, Oh  
Come and take your love from me, come and take your  
love from me  
Bring it back, baby girl just bring it back (repeat))  
Can't stop singing love melodies, love melodies, Oh  
Come and take your love from me, come and take your  
love from me

Bring it back, baby girl just bring it back (repeat)

Got me going round, got me going round, round  
,round (repeat 4 times)

Taking the clues to your riddles  
Guessing the moves of your mind  
Solving the pieces to your puzzle  
Boy, you know I love you  
You won't leave me broken inside.

Got me singing la, la, la, la, la, la de da da ta (I don't  
want crash and burn, there's no place to run and hide)  
(Repeat)

I keep singing love melodies, love melodies, la de da  
(Boy, your touch my body yearns. Boy, you feel so  
good inside me)

Got me singing la, la, la, la, la, la de da da ta  
I keep singing love melodies, love melodies, la de da (  
la de da, la de da de da) (repeat 4 times)

Can't stop singing love melodies, love melodies, Oh  
Come and take your love from me, come and take your  
love from me

Bring it back, baby girl just bring it back (repeat))

Can't stop singing love melodies, love melodies, Oh  
Come and take your love from me, come and take your  
love from me
