This ain't no fairytale, this ain't no fairytale
This ain't no fairytale, this ain't no fairytale

Once upon a time, you were mine
Haven't I heard this story?
All these sugar sweet fairytales
Never come true and they bore me

I'm like Goldilocks, like it hot
Not too cold, boy, I'm starving
Wake me with a kiss, make a wish
You can be my Prince Charming

Round and round, round we go
The story's end, you never get to it
There's no place like your home
So click your heels three times and say it

I want your love, love me right now
Now is the time, I need you
Once upon my time, once upon your time
Once upon our time, this ain't no fairytale

I've waited here impatiently
You're good enough, I'll have you
Once upon my time, once upon your time
Once upon our time, this ain't no fairytale

This ain't no fairytale, this ain't no fairytale

Not so long ago, I was lost
Feeling like 'Cinderella'
Just like 'Little Red Riding Hood'
What a big tale, I tell ya

I'm not 'Snowy White', do me right
Gimme me that poison apple
Seven little men, make it ten

Round and round, round we go
The story's end, you never get to it
There's no place like your home

So click your heels three times and say it

I want your love, love me right now
Now is the time, I need you
Once upon my time, once upon your time
Once upon our time, this ain't no fairytale

I've waited here impatiently
You're good enough, I'll have you
Once upon my time, once upon your time
Once upon our time, this ain't no fairytale

Once, once upon a time, time for you to see
See that I am real
Once, once upon a time, time for you to see
See that I am real, the fairy tale is me

Round and round, round we go
The story's end, you never get to it
There's no place like your home
So click your heels three times and say it

I want your love, love me right now
Now is the time, I need you
Once upon my time, once upon your time
Once upon our time

I've waited here impatiently
You're good enough, I'll have you
Once upon my time, once upon your time
Once upon our time

I want your love, love me right now
Now is the time, I need you
Once upon my time, once upon your time
Once upon our time, ain't no fairytale

I've waited here impatiently
You're good enough, I'll have you
Once upon my time, once upon your time
Once upon our time

I want your love, love me right now
Now is the time, I need you
Once upon my time, once upon your time
Once upon our time, this ain't no fairytale
