Breezin, thru my city im feelin fine coz everybody havin
a good time
In your city is we're well be chillin all da time and
everybody has a good time

Yo baby jay wassup its time to let em noe about wat
Da city dat we cum from where we jus tryna play it wat
If sum say our city dont be bumpin yeh wateva
So break em off a lil somefin high yo its ma pleasure,
forever
Im high off da zig-zag smoke thru da city where i roam,
and i call it home
Full of samoans, mexicans, africans, americans and
caucasians, cant forget about the asians
We all blend in to represent the city that we grew to
love and tighter den OJs blood
So wat u finkin of a place where everybody noes ur
face, ur name, ur number, ur sista and ur bruda
And its cool lyk dat, how we chill lyk dat, homies dont
slang no more, no time to bang no more, thats all
O, we bran u and improve we gotta hole set of rooms if
you cool we cool
Break it down, cartoon HBK dis is fo you so break it to
da move and let ur body groove while im

Breezin, thru my city im feelin fine coz everybody havin
a good time
In your city is well be chillin all da time and everybody
has a good time
Its all rite i got time to make u feel so fine
Jus dont lean on me so i knoe ur by my side
Theres no one baby quite like u coz boy u drive me
wild, so wild coz im
Breezin, thru my city im feelin fine coz everybody havin
a good time
In your city is we well be chillin all da time and
everybody has a good time
