Eat me, eat me, love
Leave nothing behind
Swallow me, all of me
Drink me love

Pour me in you
Devour me
Drink me
In large gulps

I hate you
I really do
I think I do
I really, I really hate you

I need you closer
I want him now
I want him in me
Eat me, love

Never say love to anyone
Consume me, love
I want you
To inhale me, all of me

Drown me love
In a bottomless pond
I'll never return
Swallow me, all of me

I don't love you
I really hate you
I want you closer
I want him now
I want him in me

Eat me, love
Swallow me, all of me
Swallow me, all of me
Swallow me, all of me

I hate you

He's coming closer
He's coming now
He's gonna touch me

Eat me love
I hate, hate, hate
Hate, hate you

Eat me, love
Your open mouth
Eat me, love
I on your tongue
You got to eat me, love

Eat me, love
You gulp me
Eat me, love
I, I down your gullet
You eat me, love

Eat me, love
I in the stomach
Eat me, love
Eat me, love
You splash acid on me

Eat me, love
I travel down the intestines
Eat me, love
Through the bowels and out

He's coming closer
He wants me now
I want to eat him

Eat me, love
Eat me, love
Eat me, love
You got to eat me, love

I hate you
