### "Young"

Visit "[Young](#)" on [MotoLyrics.com](http://MotoLyrics.com)

You and I are young  
What makes it wrong  
For us to fall in love  
And either way  
We'll never change  
We'll talk and touch  
The day away

Now would you  
Love me, if I was crazy  
Girl, I'm going crazy for you  
I'm crazy for you  
Lets waste away together  
We can stay this way forever  
Because we're never gonna be as young as we are  
tonight  
We'll let the world know we're alive  
We're here to chase the flashing lights  
Just wait and see  
And there's no need to complicate it  
This will be our year to take it  
We're never gonna be as young as we are tonight

I like the way  
You throw away  
The keys, forget your car  
To walk with me  
The way you always found  
The way to see the finer things

Now would you  
Love me, if I was crazy  
Girl, I'm going crazy for you  
I'm crazy for you  
Lets waste away together  
We can stay this way forever  
Because we're never gonna be as young as we are  
tonight  
We'll let the world know we're alive  
We're here to chase the flashing lights  
Just wait and see

And there's no need to complicate it  
This will be our year to take it  
We're never gonna be as young as we are tonight

If I'm Romeo  
Then you're Juliet  
As long as I'm breathing  
I'll love you to death  
Forget all your friends  
We're nothing to them  
I swear  
I'll do anything  
That you want me to  
They tell me I'm crazy  
For falling for you  
We'll say what we are  
They know how we do

Because we're never gonna be as young as we are  
tonight  
We'll let the world know we're alive  
We're here to chase the flashing lights  
Just wait and see  
And there's no need to complicate it  
This will be our year to take it  
We're never gonna be as young as we are tonight

Because we're never gonna be as young as we are  
tonight  
We'll let the world know we're alive  
We're here to chase the flashing lights  
Just wait and see  
And there's no need to complicate it  
This will be our year to take it  
We're never gonna be as young as we are tonight
