I kinda notice from one eye,
In the club your frown face,
It's kinda weird to me, since you're so fine
If it's up to me your face'll change

If you smile then that should set the tone
Just be limber
And if you let go the music should move your bones
Just remember
Sing this song with me

Can't nobody love ya like I love ya
You're a good girl and that's what makes me trust ya
(Hey)
Late at night I talk to you
You will know the difference when I touch ya

Some people are so phony
Nosy cause they lonely
Aren't you sick of the same thing
They say so and so is datin'
Love you or they're hatin'
When it doesn't matter anyway
Cos we're here tonight

If you smile then that should set the tone
Just be limber baby
And if you let go the music should move your bones
Baby, just remember
Sing this song with me

Can't nobody love ya like I love ya
You're a good girl and that's what makes me trust ya
(Hey)
Late at night I talk to you
You will know the difference when I touch ya

If you give me that chance to be your man
I won't let you down baby
If you give me that chance to be your man
Here baby, put on my jacket

And then...

Maybe we'll fly the night away
(I just want to love you baby, yeah, yeah, yeah)
Girl
Maybe we'll fly the night away
(I just wanna love ya baby)
Girl....

Maybe we'll fly the night away
(I just wanna love ya baby, yeah, yeah, yeah)
Girl..
Maybe we'll fly the night away
(I just wanna love ya baby, girl...)

Can't nobody love you like I love ya
(Can't love ya like I do)
You're a good girl and that's what makes me trust ya
(Makes me trust ya like I do, hey)
Late at night I talk to you (hey yeah)
You will know the difference when I --

(Break it down)
