Cowboys ride into sunsets  
The good guy always gets the girl  
Cinderella has just fit  
A glass slipper that changed her world

We all know the stories  
We all know the fairy tales  
We all get the glory of making it for ourselves

From the beginning  
We're all looking for a happy ending  
Every dream of winning  
Every love we've been in  
Right from the beginning  
We're looking for a happy ending

We've come here with nothing  
And take it with us the day we leave  
The first and last breath don't matter  
It's all the ones that are in-between  
What's the reason  
What's the reason the caged bird sings  
It's why we see it in the movies  
All the way to the closing scenes

From the beginning  
We're all looking for a happy ending  
Every dream of winning  
Every love we've been in  
Right from the beginning  
We're looking for a happy ending

And all those dreamers who have come and gone  
Who've reached for the stars, who've overcome  
You're the hope, you're the wish, you're the truth  
Baby, here's the proof

Baby's born in this ghetto  
Baby's born with a silver spoon  
One tells his Mama I have a dream  
One tells his Mama I want the moon

From the beginning  
We're all looking for a happy ending  
Every dream of winning  
Every love we've been in  
Right from the beginning  
We're looking for

From the beginning  
We're all looking for a happy ending  
Every dream of winning  
Every love we've been in  
Right from the beginning  
We're looking for a happy ending
