Yesterday I broke your heart in two
Today I wanna waste my life with you
but its over, over

I dont wanna touch anybody else
But kissin you's a drug bad for my health
and its over, over, so over

Its killin me!
Gently, silently, Im dyin inside
Gently, silently, Im dyin inside

I hear it in your voice on the telephone
Youre so good at playin stable when you'r all alone
and its over, over, so over

Its killin me!
Gently, silently, Im dyin inside
Gently, silently, Im dyin inside
Im down and out (down and out)
Im drownin now (drownin now)
Im fallin down (fallin down)
Im upside down...

This time now Im fallin down

Its killin me!
Gently, silently, Im dyin inside
Gently, silently, Im dyin inside

Gently (giving up)
silently (all I've got)
dyin (giving you all you want)

Gently (giving up)
silently (all I've got)
dyin (giving you)
inside (all you want)

Yesterday I broke your heart in two
