Everybody's watching you  
Breathing in your every move  
Look around when the world is empty  
Look around if you're guilty

Everybody's after you  
I wait in line to touch you  
Look around if you ever miss me  
Look around because it kills me

*[Chorus]*

It's over  
There's nothing you can do  
There's nothing you can say  
To keep me here  
It's over  
You say we're just friends  
We're playing pretend to keep me here

Every night I lay in bed  
I think about the things you said  
Look around, I'm the one, your only  
Look around it still kills me

*[Chorus]*

It's over, To keep me here *[4 times]*

Doesn't anyone care? *[4 times]*

Everybody's watching you and counting down your  
every move  
Look around when your heartbeat's empty  
Look around if it's guilty

It's over  
You say we're just friends  
We're playing pretend to keep me here  
It's over  
There's nothing you can do  
There's nothing you can say  
To keep me here  
It's over

You say we're just friends  
It's almost the end  
I'm outta here  
It's over  
I'm outta here
