"Pretty Waste"

She takes off her make-up
And looks like everyone else
Hiding from a universe that's ugly like herself
Ohh, Ohh.

She paints on her cute synthetic personality
Wasting all the hours on the things she'll never be
Ohh, Ohh,
Ohh, Ohh
One, lie, living in a mirror
Cause this time she loves herself too much
Wha, wha, whoa, she's such a pretty waste
Wha, wha, whoa, she's just the perfect one for me

She thinks long and hard about her phony honesty
Layer after layer covers her insecurities
Ohh, Ohh,
Ohh, Ohh
One, lie, living in a mirror
Cause this time she loves herself too much
Wha, wha, whoa.. She's just a pretty waste
Wha, wha, whoa, you're just the perfect one for me

One lie, living in a mirror
Cause this time she loves herself too much
Wha, wha, whoa, you're just a pretty waste
Wha, wha, whoa, you're just a pretty waste

One, lie, to be a bore.
This, time, she's such a bore.
One, lie, to be a bore.
This, time, she's such a bore.
