[Verse 1 (Matt)]

I watch you undress
I wanna watch you glow
Let your hair down
All around, cover us both
You come in waves
We crash and we roll
You surround me, pull me, drown me, then swallow me
whole

[Chorus (Both):]

You turn, turn, turn, turning me on(
Like a slow fire burn (
I know that it's wrong(
Still I run, run, run, run right into you(
Yeah, I run, run, run, run right into you

[Verse 2 (Jennifer):]

You pull me in close(
You buckle my knees(
I shake and I shiver just to feel you breathe(
You trace my lines
(I trace your lines)(
Stirring my soul(
Shoot sparks at the heart of the world and I watch it
explode(
(I watch you, I watch you)

[Chorus (Both):]

You turn, turn, turn, turning me on(
Like a slow fire burn (
I know that it's wrong(
Still I run, run, run, run right into you(
Yeah, I run, run, run, run right into you

[Hook:]

[Matt]

I'm pacing
And you're beside me
I am so much more

[Jennifer]

And I feel your fingers
Pound like thunder
And I am so much more
[Matt]
I am so much more

[Chorus (Both):]
Turn, turn, turn, turning me on(
Like a slow fire burn (
I know that it's wrong(
Still I run, run, run, run right into you(
Yeah, I run, run, run, run right into you

Turn, turn, turn, turning me on(
Like a slow fire burn (
I know that it's wrong(
Still I run, run, run, run right into you(
Yeah, I run, run, run, run right into you
Still I run, run, run, run right back to you
[Jennifer]
Turning me on
[Matt]
Like a slow fire burn
