"Saying Good-bye"

She kisses everyone good-bye
And waves her middle finger high
They're never gonna mess with her again
A drama queen at seventeen
She's sleeping with the boys for free
She's got a reputation for being easy

Everytime they put her down
She makes a fist, and tears roll down
She packs her bags, and plans to run away

She's saying good-bye
And leaving tonight
She's wasted all her lonely teardrops
She's saying good-bye
And leaving tonight
She's wasted all her lonely teardrops now

She thinks about herself and cares about nobody else
Because the only friends she has all put her down
They hate her when she's beautiful
And even more when she was a fool
They talk behind her back when it's her birthday

Everytime they put her down
She makes a fist, and tears roll down
She packs her bags, and plans to run away
And everytime she makes a friend
The vicious cycle starts again
She's never ever, ever looking back

She's saying good-bye
And leaving tonight
She's wasted all her lonely teardrops
She's saying good-bye
And leaving tonight
She's wasted all her lonely teardrops now

Everytime they put her down
She makes a fist, and tears roll down
She packs her bags, and plans to run away

And everytime she makes a friend
The vicious cycle starts again
She's never ever, ever looking back

She's saying good-bye
And leaving tonight
She's wasted all her lonely teardrops
She's saying good-bye
And leaving tonight
She's wasted all her lonely teardrops now
