## "What You Say"

Visit "[What You Say](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Wait around,  
If the fires there don't put it out.  
Lay me down,  
Emotions overrated now, rated now.

I don't wanna hear another word you say.  
I don't ever wanna waste another day.  
What you say what you say what you never say.  
Everything's a lie and you're afraid.

Wait around,  
To pick up lines to put me down.  
Scream and shout,  
Making up and making out, making out.

I don't ever wanna hear word you say.  
I don't ever wanna waste another day.  
What you say what you say what you never say.  
Everything's a lie and you're afraid.

Lay me down,

Emotions overrated now.  
Wait around,  
If the fire's there don't put it out.

I don't ever wanna hear word you say.  
I don't ever wanna waste another day.  
What you say what you say what you never say.  
Everything's a lie and you're afraid.

Let me, let me out.  
Get me, get me out.  
Let me, let me out.  
Get me, get me out.

Wait around,  
If the fire's there don't put it out.  
Put me out, put it out.

*[Note: There is a version where they sing "What you say what you say what you fuckin' say" in the last chorus]*
