Title: No more walks in the wood

-----  
No more walks in the wood  
The trees have all been cut down  
And where once they stood  
Not even a wagon rut  
Appears along the path  
Low brush is taking over

No more walks in the wood  
This is the aftermath  
Of afternoons in the clover fields  
Where we once made love  
Then wandered home together  
Where the trees arched above  
Where we made our own weather  
When branches were the sky  
Now they are gone for good  
And you, for ill, and I  
Am only a passer-by

We and the trees and the way  
Back from the fields of play  
Lasted as long as we could  
No more walks in the wood
