When you're out there on your own
Where your memories can find you
Like a circle goes around
You were lost until you found out
What it all comes down to

One by one
The lonely feelings come
Day by day, they slowly fade away

Ooh, the look was in her eyes
you never know what might be found there
She was dancing right in time
And the looks she made so fine
Like the music that surrounds her

Should I stay or go?
I really want to know
Would I loose or win
If I try and love again?
gonna try and love again
I'm gonna try and love again
gonna try and love
gonna try and love

Right or wrong, what's done is done
It's only moments that we borrow
But the thoughts will linger on
of the lady and her song
When the sun comes up tomorrow
Well, it might take years to see
Through all these tears
Don't let go
When you find it you will know

Oh, Gonna try and love again
gonna try and love again
Sometimes lose, sometimes win,
Sometimes you need a friend
gonna try, gonna try
gonna try, gonna try, [etc.]
