Specialize in danger - I'm from Niagara Falls

And now I sit here waitin', like an idiot for your call

Words cannot explain, that rattlesnake in my bones

Guess it's time to face the truth, I stand here licked by
love

And in the name of love

I wanna go go go, like a burning stuntman

I fry exposed to fire of course

Choke up while I'm breathin' smoke

Come on quench the fire inside my soul

I wanna go go go

A slumberin' volcano, about to explode

Puttin' on a smile and then you're takin' of your clothes

Words cannot explain, my heart's red pepper blue

And my blood goes boilin' every time I look at you

I'm in danger, how about you

I wanna go go go, like a burning stuntman

You fry exposed to fire of course

Like a flame whisperin' to a moth

Come on quench the fire inside my heart

I wanna go go go

Like a burning stuntman, like a burning stuntman
