The sooner it will be the better
gonna have to see her right away
it's been a long time since the day I met her
I can't handle being without her one more day
honey get the feeling that I'm going insane
feel so stupid using these old cliches
you better hurry up baby
I ain't lying
we're down to nothing but a waste of time
still remember everything she said
make no promises make no debts
and all I want is just your one day weekend love
she sips her wine without a flinching
she's in controll of it all the way
looks so good pretending that she's listening
by the time I fall asleep she's gone away
she's got no mercy on a jealous heart
and she said it all right from the start
make no promises make no debts
but I love that lady I gotta confess
that I want more than just a one day weekend love

all she wants is just my one day weekend love

the sooner it will be the better

gonna have to see her right away

it's been a week now since she's been around here

I can't handle being without her one more day
