You were so right all along  
I wouldn't believe till love had gone  
replacing the old with the new  
and now that I want to see it through

You tell me you care  
but he's still inside your heart  
and it's tearing me apart  
that I'm anything you want

chorus:  
I'll be there to listen to everything you cry  
all you need  
ever to believe in you without a reason why  
for your love

I'll be near to be with you to wipe the tear away  
though it's hard for me  
I'm anything you want  
(I'll be anything...)

Baby, it was so wrong and we both knew  
and yet it was all that I could do  
you were living a life you could not feel  
thinking he was the way to make it real

Can't let him go  
I'm still a part of you  
I'll do what I must do  
anything you want

chorus

bridge:  
Every time you talk about him  
you'll never know how it hurts my heart  
but, I'll be there for you baby

He's still inside your heart  
it's tearing me apart  
anything you want

I'll be there...

chorus
