

Earth Wind & Fire "Fair But So Uncool"

Glory seeker, fortune hound, don't you ever,
break it on down.

Ain't you been to school

Ain't you learned the rules

Ain't you paid them dues

The life you need is fair, fair but so uncool

Rip off artis, shootin' down.

If you dig it, you're a clown-

Can't you understand

Can't you lend a hand

Can't you be a man

Greedy joker, slidin' by, dealin' jones-ses with a high

Don'cha see it's wrong

Don'cha wait too long

Don'cha hear this song

Time is passin', time is gone

Meet your mirror, further on

Won't you ever yearn

Ever yearn to learn

Won't ya take ya turn

The life you lead is fair, fair

But so uncool (repeat out)
