I can tell you that love  
Is too deep to be played on  
Down the line, you'd find  
Time would reveal who to count on  
I'm well inclined to use the lines  
That comes from the learning tree  
Let the seed that grows, and ages old  
Give us our destiny

Baby, you know, I could pick you up  
Turn your life around  
If you fall in love with me  
I would build you up, never let you down  
If you fall in love with me

If you're having second thoughts from the past  
I can cool you out  
I've been there before, right down to the core  
I can sing and shout  
I can't hold back what I feel  
I bring experience  
I'll be your rock when Gibraltar falls  
Baby, give me a cause

Baby, you know, I could pick you up  
Turn your life around  
If you fall in love with me  
I would build you up, never let you down  
If you fall in love with me  
Baby, in love with me, find yourself a part of me  
Baby, in love with me, help yourself to all of me

I've got your number and I wanna shout  
I dig you baby, come and check me out
