

Earth Wind & Fire "Love's Holiday"

Visit "[Love's Holiday](#)" on MotoLyrics.com

Would you mind if I touch,
if I kiss, if I held you tight
in the morning light
Would you mind if I said how I felt tenderly tonight
again cause

I never ever felt this way in my heart before
Love has a holiday in my heart tonight

Would you mind if I looked
into your eyes till I'm hypnotized
and I lose my pride
Would you mind if I make love to you till I'm satisfied
again cause

I never ever felt this way in my heart before
Love has a holiday in my heart tonight
