

## Earth Wind & Fire "Magnetic"

Visit "[Magnetic](#)" on MotoLyrics.com

No self-control  
A chain reaction as my body lets go  
A strange kind of light  
The tempo takes me and the circuit excites

It's magnetic  
The rhythm of a dangerous dance  
Let's dance in the static  
Suck you in twice as fast  
Magnetic  
The rhythm of a dangerous dance  
Let's dance in the static  
Suck you in, you'll never last

Step into the light  
Make the spark ignite  
Step into the light tonight

No place to hide  
I keep on runnin' but I'm falling behind  
A new kind of beat  
It takes your mind, then it takes your feet

It's magnetic  
The rhythm of a dangerous dance  
Let's dance in the static  
Suck you in twice as fast  
Magnetic  
The rhythm of a dangerous dance  
Let's dance in the static  
Suck you in, you'll never last

Are we making contact tonight?  
Don't break the circuit  
I'll be making contact tonight  
Don't break the circuit
