When I see you're face like the mornin sun you spark  
me to shine  
Tell all the world, my need is fulfilled and that's a new  
design  
As long as you're near, there is no fear of a victory  
But when I'm away, influences stray my mind to  
disagree  
I wanna see your face in the morning sun ignite my  
energy  
The cause and effect of you has brought new meaning  
in my life to me

Gonna tell a story morning glory all about the  
serpentine fire  
Gonna tell a story morning glory all about the  
serpentine fire

oh yeah oh yeah oh yeah, oh yeah oh yeah oh yeah  
I need to see your face like the morning sun ignite my  
energy  
The cause and effect of you has brought new meaning  
in my life to me  
The moments I find when I'm inclined to do my best  
Negative wins when I give in and then I lose the test  
(not many times)

Gonna tell a story morning glory all about the  
serpentine fire  
Surely as life begun, you will as one battle with the  
serpentine fire

oh yeah oh yeah oh yeah, oh yeah oh yeah oh yeah  
Surely as life begun, you will as one battle with the  
serpentine fire  
Surely as life begun, you will as one battle with the  
serpentine fire  
Gonna tell a story morning glory all about the  
serpentine fire
