Girl there is an open door, feeling you haven't
explored

You're awake through the night,
I wanna be there just to hold you so tight

Can't wait one minute more, this longing for you can't
be ignored

am I moving too fast?
I wanna be there to console you

Chorus:

I'll take you to heaven tonight
Make you feel you like Paradise
like a woman should feel
I'll do you right if it takes all night (take you to heaven_

Verse 2:

You, wanna trust in love one more time
but you caution your heart
Let your mind believe in me
cause I'd never do nothing to hurt you

Come here, I'm feeling you girl so strong
tell me baby how could this be wrong
When every kiss, says I'd never be the man to desert
you

Hook:

I'll take you to heaven tonight
Make you feel you like Paradise
like a woman should feel
I'll do you right if it takes all night (take you to heaven)

Bridge:

Can't sleep, Can't eat, I Can't Breathe, Ooh Wee
I need you right here with me, baby
cause with you in my life, I tell ya that it's sheer ecstasy

Hook:

I'll take you to heaven tonight
Make you feel you like Paradise

like a woman should feel
I'll do you right if it takes all night (take you to heaven)
