written a list of stupid things  
this would be the king  
crowned, sitting above the rest by a neck  
it only takes a momentary lapse  
the main offenders are easy to pick out  
they're spotted from one hundred paces

consensus proved

the point is insignificant  
when considered in comparison to  
the sound of silence experienced  
when the situation arises it feels like the armageddon  
knocking  
a wiring to the national grid  
you don't need a reservation to join - join

too little time

pedal stamp  
hard grind  
wet slip  
stick shift  
contact twist  
asphalt recoil - asphalt recoil
