Soulful dress

I'm gonna put on my dress
With those pits above the side
With that, tight thin waist
And that low neck line
Lord I'm going to the party
Gonna have some fun
Gonna shake and shout
Until the morning calls
If you wanna keep your man
You better keep as sharp as you can
I'll be at my best
When I put on my soulful dress

I'm gonna put on my dress
That hits me way above my knees
With that v-cut back
It has straps instead of sleeves
Lord I'm going to the party
Uuh, looking good
I'm gonna shake everybody
Like I knew I would
Don't you girls go and gettin jealous
If I round up all your fellows
Cause I'll be at my best
When I wear my soulful dress
strum

I'm gonna put on my dress
That hits me way above my knees
With that v-cut back
It has straps instead of sleeves
Lord I'm going to the party
Uuh, looking good
I'm gonna shake everybody
Like I knew I would
Don't you girls go and gettin jealous
If I round up all your fellows
Cause I'll be at my best
When I put on my soulful dress
strum
