### "If You Want To Be A Bird"

There's no denying  
It gets you high  
Why be shackled to your feet  
When you've got wings  
You haven't used yet  
Don't wait for heaven  
Get out and fly  
Just glide there  
Through the clear air  
Making figure eights  
Through the pearly gates  
Where the soul and the universe meet  
If you want to be a bird  
It won't take much  
To get you up there  
But when you come down  
Land on your feet
