When you cry, I cry
Sad eyed Caroline
With your tears came ters of mine

I was young, confused
Hollow and bemused
So my heart got bruised with time

My apologies
Sad eyes Caroline
When I define what's on your mind

What is left?
What is there?
Who cares?
If there's till air
To bring my thoughts into the clear
Before they'll disappear

I didn't mean to say
All those things I said
I didn't mean to do
the tings I've done to you
On my bare knees
I tell you that I'm sorry
Is this goodbye?
Sad eyed Caroline
Hope you're doing fine

I feels like yesterday
we sat down by the bay
waiting for the sun to set our way
And one by one
The hours counted down
As we walked into oblivion

Do your eyes still shine?
When day and night entwine
Like this icy sky trough a hollow night?
Do your lips still dare?
To curse out your despair

And to swear when it's not there?
Is life to wear a tear?

I didn't ment to say
all those things I said
I didn't ment to do
the things I've done to you
On my bare knees
I tell you that I'm sorry
But if I can
Through sorrow and trough pain
I do it all again

If we ment to say
all the things we said
If we ment to do
The things that we've gone trough
Then on our bare knees
We welcome a new morning
Let us rewind
Repair and replay
Let it blow away
